

## Inland haulage

Inland haulage includes transportation from vendors to the port of shipment, and from discharge port to the point of stripping the ocean container by truck and / or rail.

We ensure that your products are moved at the right time to the right place. Whatever your need for inland transportation, you can count on us to deliver an effective and cost efficient inland haulage service.

We now offer the complete range of Value Added Services such as Trucking and E-customs clearance right at the documentation counter so you don't have to run from pillar to post for ensuring

timely and efficient handling of your shipments.
